Board's Reference:

To Mr & Mrs May Coners,

I have been associated with both Ludwig and Joseph Schwall in a business situation for some time, purchasing parts for Bornemann Pumps from Ludwig in Melbourne and Joseph in Germany.

I have found them both courteous and practical with deliveries and solving any problems we may have had with parts that needed re-machining or manufactured.

I have no hesitation in recommending them for their business and helpful manner.

Yours Sincerely

B. Magill
